Dear Parent/Guardian,

Ecole St. Patrick High School is implementing an education resource called myBlueprint (www.myBlueprint.ca) to help support students with documenting their learning, planning their education, and making more informed decisions about their future.

Accessible via a secure website on any browser, myBlueprint helps capture progress in the classroom and allows students to set goals, plan, and explore opportunities beyond high school. Teachers set up online accounts with their students to manage, view, comment, and document their learning.

Description of the Resource

myBluePrint.ca is a web-based planning tool for use by students to plan their secondary and postsecondary and career paths. As described on the myBluePrint.ca website, it is designed to:

- Empower educators with effective resources that engage their students.
- Develop unique tools that meet local curriculum expectations and learning outcomes.
- Increase parent involvement and confidence in the public education system.
- Help Canadian students make the most informed decisions about their future.

Home of the IRISH

This tool offers students real-time access to career and educational planning tools that will help them maximize the time and energy they devote to school, now and in the future. myBlueprint is a multi-function interface with many options that assist students with tasks including goal setting, course selection, budgeting, and career management.

The **myBlueprint Education Planner** includes many beneficial resources to support your child as they progress through their education including:

- **Who Am I** – Complete 5 assessments to learn and discover more about yourself including Learning Styles, Myers-Briggs Personality, Holland Interests, Knowledge, and Motivations
- **High School** – Visually plan courses, track progress toward graduation, and instantly identify post-secondary eligibility for opportunities in all destinations
- **Postsecondary** – Explore postsecondary options and compare detailed information on apprenticeships, college programs, university programs, and workplace sectors across Canada
- **Goals** – Set S.M.A.R.T. goals and action plans to help achieve them
- **Occupations** – Explore occupations and compare comprehensive information on job outlooks, salary ranges, and more, including the ability to identify occupations that are a good match
- **Resumes & Cover Letters** – Record personal experiences, build resumes, and write cover letters
- **Money** – Build a budget to learn about income and expenses and develop financial literacy
- **Job Search** – Explore real-world job postings that relate to occupations of interest
- **Portfolios** – Document and reflect on learning, keep record of important learning, and share your progress with parents, teachers, or future employers.

Information Management

Accounts are created for all students using data from the ESPHS student information system (PowerSchool). This allows students to easily log in, explore their skills and interests, reflect on their learning, and (if they are in high school) have a complete list of their courses for planning towards graduation.

Please note that Yellowknife Catholic Schools will securely provide the following personal information to myBlueprint in order to customize the educational planning options available to students.

- Name
- School
- Student Number
- Current courses
- Previous courses and marks

As an online service located in Canada, myBlueprint is bound by both federal and provincial Privacy Laws. Please review the myBlueprint Privacy Pledge and Privacy Policy(www.myBlueprint.ca/privacy) and Terms of Service(www.myBlueprint.ca/terms) and visit www.myBlueprint.ca for more information.

Students and teachers are required to enter their email address, desired password, and first and last names to create an account. If you have any questions or concerns about this collection of data, please direct inquiries to your school principal.

Account Set Up

To explore the features of myBlueprint, you can create a Family Account and link to your child's account (requires student permission). We encourage families to engage with their child's educational and career plans, and support them in making informed decisions about their future.

To create your Family Account, follow these simple steps:

1. Visit www.myBlueprint.ca
2. Click Sign Up at the top right corner.
3. Enter your child's school Activation Key (provided by teacher).
4. Select **Family**.
5. Complete the sign up form.

If you have any concerns about the sharing of your child's personal information or if you have any questions, please contact Alicia Larade at 873-4888.

Sincerely,

Alicia Larade
Assistant Principal
